

**TODDLERS:  
18 MONTHS TO 2.5 YRS.  
PRESCHOOL:  
2.5 YRS. TO 5 YRS.  
SCHOOL AGE:  
5 YRS. TO 7 YRS.**

We understand that every child is unique - a masterpiece with their own way of exploring and learning. Supporting children according to their individual strengths and interests makes all the difference, to you and your child.

Children are naturally talented and naturally curious. Play, Learn, Grow Academy programs put our child's talent and curiosity together with skilled teachers who will help them to be all that they can be.

There is nothing more fulfilling than seeing a child's face light up when they learn something new and exciting. The look in their eyes, the smile on their face, this is why our preschool programs exist.

Children are never too young to have their curiosity nurtured by teachers who understand the science of how they learn best - at their own pace, according to their own interests. They want to explore their world with real people and real objects, engaging in meaningful work and play. Especially, children learn best through play.

Fostering a life-long love of learning your child will be captivated by music and movement, visual arts, Math, Science along with pre-reading and language development are integrated into play and interactive activities. Every aspect of your child will be engaged and energized - intellectually, physically, socially, and emotionally.
